FREE PRODUCT UPGRADES

All of our products are custom made to order and we offer various options to tailor your garments at no extra cost. Features like extra leg length, chamois options and jersey cuts.

CYCLING SUMMER

We offer a structured range of cycling kit to cater for all levels of rider. Our garments have been race tested and proven using high quality European fabrics from high-end fabric mills, such as Italians Miti and Swiss Eschler to develop superior technical garments.

We source our chamois pads from Italian supplier DrPad who are industry experts in chamois performance. All options are tailored for different riding preferences.

CYCLING WINTER

Our range of jackets, gilets and tights are designed to protect you from the elements and keep you riding in all conditions all year round. Our exclusive Thermoshield technology has been especially developed to do just that delivering lightweight, thermal, windproof and waterproof performance across the range. Like our summer range we only use the highest quality fabrics to ensure maximum comfort.

CYCLING SKINSUITS

We pioneered 'race suit' technology when we introduced the original Criterium Suit in 2007. Since then pro riders have made our race suits their go-to garment for every type of race event from criteriums to 5+hr mountain road races. That's because our skinsuits are tight fitting, comfortable and aerodynamic. We apply advanced fabric technologies and sleek grippers to ensure our suits are the fastest.

TRIATHLON SUITS

Applying our years of race suit research and development to triathlon suits we have built a comprehensive range of suits to serve triathletes of all levels. We have used the latest technological fabric advancements and flawless construction methods combined with our state-of-the-art digital printing to produce the world's fastest tri suit. Our exclusive CS Hydrodry fabric is super lightweight, breathable and water repellent meaning you'll dry in minutes.

RUNNING GARMENTS

Freedom, thermoregulation and weight were the key characteristics that formed the focus of our running range. The result is a collection of super-lightweight, high-wicking, quick-drying stretch fabrics that will keep athletes running further, faster and for longer. A comprehensive range tailored for both men, women and kids make up this technical range.

All our garments have been specifically developed for full customisation so you can apply your own design, corporate colours and logos and [#beyourownbrand](#)

Champion System offer three distinct categories of clothing, based on style, budget and technical capabilities.

APEX

The Apex collection is the epitome of performance sports apparel. Hand crafted only with the highest quality premium technical fabrics featuring market leading construction techniques.

Apex is specifically designed for the discerning, detail oriented athlete, who's looking to leave no stone unturned in the pursuit for top results. Featuring clean, fashionable style lines, tailored specifically for a close fit, the Apex collection is optimized for performance and function.

Developed in collaboration with pro cycling team Wiggle High5 and UAE Team Emirates, Champion System offer the exact same product to all our customers.

PERFORMANCE

The Performance collection is our "go to" range to serve a variety of riding circumstances. Packed full of features and engineered for performance the range combines multiple fabric constructions strategically positioned for improved comfort.

We use high-end fabric mills such as Italian Miti and Swiss Eschler to deliver on exceptional performance and apply specific chamois inserts for different riding requirements.

TECH

The Tech collection forms the core of your sports apparel needs, providing a perfect balance between feature packed technical performance and practicality. This collection is designed and hand crafted specifically to do the basics very well at unmatched value.
